The videos must be sufficiently close-up to be viewed properly.

If selected:

Private auditions are arranged according to the company's daily schedule. Therefore the dancers selected will receive a list of possible audition dates. They will be required to attend 2 company classes so that the Artistic Direction of Les Ballets de Monte-Carlo can have a wider view of their work (so 2 days always).

All the dancers we hire must have outstanding artistic qualities and the highest level of classical ballet technique.

Unless a dancer is actually auditioning or only in exceptional cases is it possible just to take company class with Les Ballets de Monte-Carlo, otherwise it is not authorized in our company.
